after the messengers of Dā'vid and became his wife.

43 Dā'vid also took A-hĭn'o-ăm of Jĕz'-re-el; and they were also both of them his wives.

44 But Saul had given Mī'chal his daughter, Dā'vid's wife, to Phăl'tī the son of Lā'ish, which *was* of Gāl'lim.

262 CHAPTER 26.

AND the Zĭph'ītes came unto Saul to Gĭb'e-ah, saying, Doth not Dā'vid hide himself in the hill of Hăch'i-lah, *which is* before Jĕsh'i-mŏn?

2 Then Saul arose, and went down to the wilderness of Zĭph, having three thousand chosen men of Is'ra-el with him, to seek Dā'vid in the wilderness of Zĭph.

thou not, Ăb'ner? Then Ăb'ner answered and said, Who *art* thou *that* criest to the king?

15 And Dā'vid said to Ăb'ner, *Art* not thou a *valiant* man? and who *is* like to thee in Is'ra-el? wherefore then hast thou not kept thy lord the king? for there came one of the people in to destroy the king thy lord.

16 This thing *is* not good that thou hast done. *As* the LORD liveth, ye *are* worthy to die, because ye have not kept your master, the LORD'S anointed. And now see where the king's spear *is*, and the cruse of water that *was* at his bolster.

17 And Saul knew Dā'vid's voice, and said, *Is* this thy voice, my son Dā'vid? And Dā'vid said, *It is* my voice, my lord, O king.

CONCORDANCE.

Combines *Concordance Subject-Index and Pronouncing Dictionary of Scripture Proper Names*, diacritically marked for their pronunciation according to the latest revision of Webster's International Dictionary, with meaning. Also *Obsolete and ambiguous words. Names, Titles, and Offices of Christ*, by Professor Ira M. Price, Ph.D., Chicago. Life and work of Christ from Scripture Texts. Incidents in the Old Testament referred to in the New Testament. Passages quoted or paraphrased in the New Testament from the Old. Over 10,000 references are given, showing all the principal changes of the Revised Version side by side with the passages according to the King James Version.

The incorporation of all these features in the Concordance has, it is believed, made it the most useful and handy Concordance ever published.

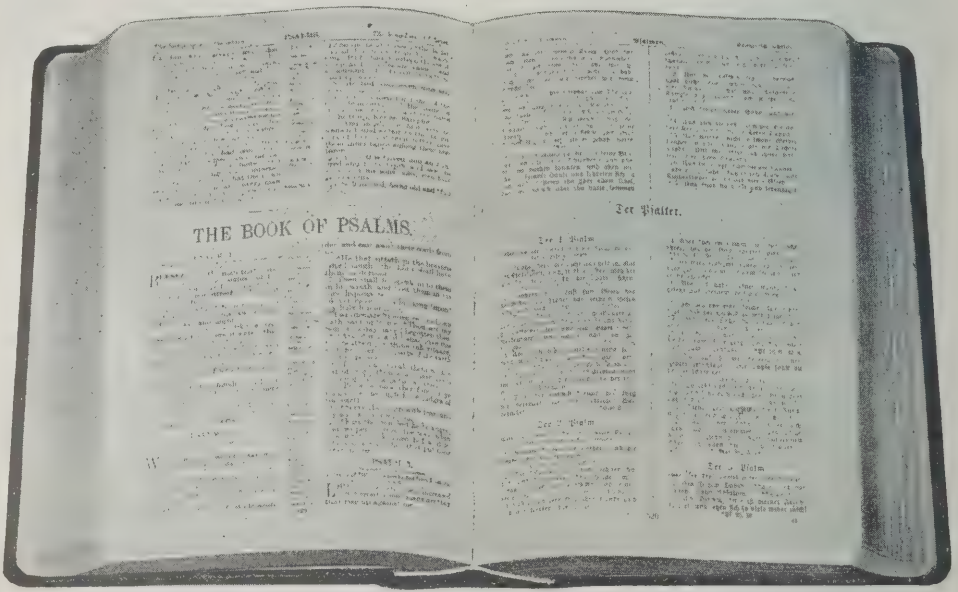
CONCORDIA BILINGUAL BIBLE.

ENGLISH-GERMAN PARALLEL EDITION.

We are pleased to offer here the first complete diglot Bible ever published in this form in two living languages. All pages have been photographically reproduced from the type used in the Concordia Bibles—the German in the original Luther text and the English in the King James Version. The two facing pages in each case contain the same Biblical material. The English type is self-pronouncing.

This Bible is bound in two styles, each with and without Bible helps. All contain a series of 12 FULL PAGE COLORED MAPS with an index to each place shown. The helps consist of a CONCISE BIBLE DICTIONARY, of 118 pages, based on the "Illustrated Bible Treasury", which has been thoroughly revised by Prof. Theo. Graebner; the COMBINED CONCORDANCE, of 243 pages, gives a reference to all passages in the text. Much other valuable information is to be found here.

Considering that each volume contains two complete Bibles, through the use of especially thin and opaque paper the thickness is less than two inches for the Bible text with an additional half inch for helps. Size of book 6″x8″.



The illustration above shows how the type is arranged on facing pages. Below will be found exact specimens of the English and German text, so placed for comparison only.

Nelson Editions of Prayer-Books and New Hymnals

The New Hymnal as authorized and approved for use by the General Convention of the Protestant Episcopal Church in the United States of America.

No new edition of the Episcopal Prayer Book can be issued until the alterations tentatively made are finally ratified by the next Convention in 1928. This means the new Prayer Book will probably be issued some time during the year 1929, but not before.

"I Wonder How He Knows So Much"

How many men do you know who surprise you by the wealth of their general knowledge and information on all sorts of subjects—history, biography, travel, politics, business, sports, and a thousand other things? If you were to inquire, you would find that these men make a habit of consulting an up-to-date Encyclopædia. Here they have access to the knowledge of centuries—concise and plainly stated, easy to grasp and remember. Through the constant use of the Encyclopædia they are familiar with all the things that people talk about.

Get YOUR Facts from Nelson's

Every subject on which man would be informed is changing constantly. Nine times out of ten, the information you want is the information of to-day. With the exception of Nelson's Loose-Leaf Encyclopædia, all encyclopædias are deficient in this important thing.

Nelson's Loose-Leaf Encyclopædia can never grow old. It is always new and up-to-date. It covers the entire field of knowledge from the dawn of civilization to 1927. Every six months, new pages (250 or more) are sent to every subscriber to take the place of those that have become out of date. This method keeps Nelson's Encyclopædia accurate, reliable, and up-to-the-minute in its information.

THIS GREAT AMERICAN ENCYCLOPÆDIA

Is dedicated, by permission, to

CALVIN COOLIDGE, PRESIDENT of the UNITED STATES

THE APPEAL OF THE BIBLE TODAY Cloth. 12mo. Price, $1.50

By THISELTON MARK, D.LITT., B.SC., *Lecturer in the University of Manchester.*

The whole hope of human progress is suspended on the ever-growing influence of the Bible. We think of the Bible as a book that was *inspired. But the wonder of the Bible is that* it is inspired. *For the many who know that new light has been thrown upon the Bible by recent scholarship, but do not know as yet how reverent is that scholarship or how helpful is the new light in the reading and teaching of Scripture, this book is written.*

The purpose of the book is two-fold. First, to show how largely the Bible speaks for itself, and on all the larger issues is its own interpreter; secondly, to show how well the Bible bears the fullest and clearest light that can be thrown upon it. New interpretations do not do away with the old values.

It is just such a measured, succinct statement, luminous and picturesque withal, as we have long needed. It is precisely the kind of a book to place in the hands of the average educated man. It will be a very real help in the many perplexities which **people are feeling just now.**

Features to remember about Nelson's French and Spanish Collections

In the Collection Nelson the general reader and the student of French literature are introduced to a carefully chosen selection of French and foreign classics. Poetry and prose, the novel and the drama, biography and history, all literary forms are represented, from the 16th to the 20th century. Many of the books are furnished with an introduction by M. Emile Faguet, an eminent critic and a member of the Académie Francaise.

The volumes of the Collection Nelson are bound in cloth, not in paper as is usually the case with French books; the type is large, the paper of excellent quality.

Nowhere else will you find the books you want to read at so low a price. Nowhere else at so low a price will you find French books so well-bound, so carefully printed, so convenient in size.

This Dictionary is dedicated to LAZARUS LUDOVIC ZAMENHOF, *Author of Esperanto. Pocket size.*

Orders. Each order should give the full name of the purchaser and the title if a school official. It should give the Post Office, County, and State and indicate whether the goods are to be sent by parcel post, express, or freight. If the name of the express or freight station differs from that of the Post Office it should be so stated.

Exact Titles and Editions. To avoid delays in filling orders the exact titles and editions should be given.

Transportation Conditions. During the larger part of the year orders are usually filled on the day of their receipt, but this is not always possible in the months of August and September. It is advisable to anticipate textbook needs.

Remittances. Remittances should be sent by draft, postal or express money orders, or registered letter, as may be most convenient. Small orders should be accompanied by remittances to relieve the publishers of keeping many small accounts.

Introduction and Exchange. Special terms for books desired for first introduction and exchange will be quoted on application. Such orders should always indicate that the books are wanted for introductory purposes.

Credit. Customers desiring to open accounts with us should give satisfactory New York or bank references as to financial standing and promptness in meeting obligations.

Phonic Drill Cards, 6x8 inches, 21 in set.

The Phonic Drill Cards contain over 3,000 different phonetic words arranged according to the initial consonant or consonant combinations. Every consonant except *x* and *z* is used as an initial consonant, while common combinations of two or three consonants are also given as the initial basis of word lists. The words are printed in columns for convenience in use, each word being numbered. The words of each list begin with the basal consonant or consonant combination shown at the top of the list. These lists contain the words given in the series of the New Aldine Phonic Chart. At the end of some lists are added alphabetically arranged phonic words that do not occur in the Phonic Chart. These cards are designed to test the pupils' knowledge of phonics, to give practice in applying that knowledge, and to enlarge the pupils' vocabulary. They should be used immediately following the new Aldine Phonic Cards.

Ten Sets of the cards will be sufficient for one class room since individual work is not possible with a large group of pupils.

With me today.

(2) Run with me

(7) Little bluebird in the tree,
Sing a song to me.

(8) Bluebird, come to me and sing.

"THE little boat of our life labors in the trough of the sea, and we cannot see out at all. We are lifted to a wave-crest, and look out, momentarily, over the troubled waters; happy if we can see in the distance, the islands, with their fronded palms and mountains, whose summits lift to the blue dome of the sky. Again the trough of the sea engulfs us, and we cannot see. All I can offer is the vision from a single wave-crest; what the next may show, no one can foresee."

I believe that in its careful perusal I shall find both profit and entertainment."—***Brooklyn Citizen.***

Dr. Griggs' "Moral Education" is a well thought-out book with no loose ends. Each chapter is a whole, and even the footnotes, digesting important books, or summing up movements and theories, are crammed with vital matter. The bibliography covers every important field in pedagogy and ethics. There is no effort at fine writing. The writer is concerned only to fit his word to the thought as a nest to hold the egg. It is easily the best book of its kind yet written in America.—***The Literary Digest, New York.***

NEW HUMANISM, THE *Cloth, gilt top, 239 pp.* *Postage paid.* $2.00 net

EIGHTH EDITION.

TEN closely integrated essays interpreting the modern spirit and developing the ideals of the new ethical and social humanism which occupies in our time the place held by the æsthetic and intellectual humanism in the earlier Renaissance.

PHILOSOPHY OF ART, THE *Cloth, 347 pp.* *Postage paid.* $2.00 net

THIRD EDITION.

THE heart of this work is an attempt to show the function of each of the great ideal fine arts in expressing and interpreting the human spirit. Exquisitely finished, but clear and simple in style, with a wide range of illustration drawn from all the arts. A comprehensive bibliography and a carefully prepared index increase the book's usefulness to those who wish to pursue a fuller study of the arts in their deeper implications.

In this exhaustive book Mr. Griggs considers the four great ideal types of art, sculpture, painting, music and poetry, their respective functions, their relation to one another and their noblest meaning.

A valuable book to art students and to all lovers of art.—***The Brooklyn Citizen.***

Mr. Griggs brings his illuminating touch to the definition of the function of art, and then he takes up in detail the meaning of sculpture, painting, music, and poetry. Throughout the

book the reader feels the animation and personal appeal of the successful lecturer.—*The Christian Register, Boston.*

His style is simple, direct, concise and chaste. . . . Such a work has been a desideratum. It should be welcomed by lovers of art and it should create a love for art in those who lack it.—*Boston Transcript.*

SELF-CULTURE THROUGH THE VOCATION.

(In The Art of Life Series)

Postage paid. 75c. net
Cloth, 74 pp.

AN eloquent essay on the elevating power of our daily work and of the complementary values of vocation and avocation. When the cry everywhere is vocational education, it is worth while to stop and ask, what of the education that is possible through the vocation itself? The book should be of special value to young people and to men and women longing to make each day yield its full return in culture and wisdom.

This little book is full of wise counsel, eloquently expressed, and it may be warmly commended as a valuable companion.—*San Francisco Chronicle.*

The optimism of this book makes it very well worth reading. The author has sought to express in book form the ideas oftenest uppermost in the minds of friends, but which they rarely reveal.—*Boston Transcript.*

SOUL OF DEMOCRACY, THE

Cloth, 158 pp. *Postage paid.* $1.25 net

WHAT has the War done to socialism, feminism, religion, education and literature?

The War has not stimulated another book that is more eminently worth while.—*Continent, Chicago.*

This book is one of profound original social philosophy, and yet it is simple in style and popular in its appeal.—*Buffalo Express.*

The book as a whole considers the philosophy of the world war with relation to human liberty. It makes plain the distinction between the gospel and the superstition of non-resistance. It is a hard chapter for plaintive pacifists.—*Evening Sun, New York.*

USE OF THE MARGIN, THE

(In The Art of Life Series)

Cloth, 64 pp. *Postage paid.* 75c. net
SEVENTH EDITION.

THE author's charm as a public speaker is here transferred to the printed page. His theme is the problem of utilizing the time one has to spend as one pleases for the aim of attaining the highest culture of mind and spirit. The book contains also an introduction to the series.

A fine example of much in little. It will repay careful reading, perhaps more than once.
—*Chicago Record-Herald.*

Edward Howard Griggs's new book does not treat of speculation in Wall Street, but with the best means of utilizing the margin of time which remains ours, after spending that part of our income which we measure in hours and minutes, in our vocations. The prompting thought given on every page of this small volume might prove the opening stroke to a mine of buried treasures which each silent thinker possesses in himself, often without his own knowledge until he is awakened by a subtle suggestion of the possibilities of life for him.
—*The Public, Chicago.*

FOREWORD

READERS from time immemorial have felt and yielded to the fascination of the book catalogue. Reading about books conjures up a picture of the author, the conditions under which he worked, the severity of his labor, the quality of his scholarship. The title of a book may be likened to a fuse which fires the imagination and develops new trains of thought; its subject may carry you back a thousand years or bear directly on the problems of modern life.

Mr. Christopher Morley has written an essay to prove that the *Oxford Catalogue* is the best book to read in bed. However true this may be, it is certain that the present catalogue offers unlimited material for speculation in almost every field of human endeavor, whether of thought or action.

The body of scholarship which it represents is the pride of an institution which has been making books for four hundred years. The Oxford University Press, alone among the Presses of the World, is able to produce a list of all its publications for 341 years.

Workmanship has gone hand in hand with scholarship in creating the Oxford Standard. Oxford India paper, the secret of the manufacture of which is known to only three living persons, has revolutionized the making of certain kinds of books. New types have been founded to make possible the printing of books in languages hitherto inaccessible to the student.

And it is the ardent maintenance of these standards, set by tradition, that assures the reader that in an Oxford book his expectations will be fully realized.

The Oxford Dictionary

A Brief Account of Its Origin and Progress

The collection of materials used in the preparation of the Oxford Dictionary began in 1857 with the appointment by the Philological Society in London of a committee for the collection of words unregistered in existing dictionaries. Dr. Trench, then Dean of Westminster, read before the Society two papers in which he pointed out that, "no one could find out from all the dictionaries extant how long any particular word had been in the language, which of its many senses was the original, or how and when these senses had been developed; nor in the case of words described as obsolete, were we told when they became obsolete or by whom they were last used. He pointed out that the obsolete and rarer words of the language had never been completely collected and called upon the Philological Society, to undertake the collection of materials to complete the work already done by Bailey, Johnson, Todd, Webster and Richardson."

The collection of materials was at once begun by the Committee and seventy-six volunteers, but it soon became apparent that the projected supplement would be greater than all existing dictionaries, and though the work was continued for many years, the first enthusiasm of the workers waned when it was found that printing was so far distant. London and American publishers were unable to undertake a work of such magnitude, and the whole undertaking languished.

A Clarendon Press Enterprise

The collections which had been made were too valuable to be abandoned, and in 1878 negotiations between the Society, the Clarendon Press, and Dr. Murray, who was by common consent designated as the editor, were entered into and finally settled early in 1879. Careful examination of the quotations then for the first time collected in one place and arranged in a continuous alphabetical series, showed that much work still remained to be done. Accordingly a new appeal was made and in the course of three years a million additional quotations were furnished raising the total to three and a half millions. These immense collections which even before the printing of the work had begun were already thirty-five times larger than had been contemplated in 1860, would have been sufficient to insure the supereminence of the dictionary. No other book has had, and very few ever will have, foundations laid in an inductive investigation of so wide a character. The richness of the material continually raised problems which had not confronted any previous lexicographer, and their solution constantly involved prolonged researches in many fields. At an early stage it became apparent that such researches would demand ample limits of time and space and the organization of a large and highly skilled editorial staff. To this end Dr. Murray removed to Oxford in 1885, Dr. Bradley, who had previously worked in London, first giving help with the letter B, undertook the editing of E, and removed to Oxford in 1896. Dr. Craigie who joined the staff at Oxford in 1897, first assisted on G, I, and K, and began independent editing with Q. Mr. Onions, after completing ten years of service with Sir James Murray and Dr. Bradley was engaged in specially preparing portions of M, N, R, and S, and at the beginning of 1914 undertook the independent editing of Su-Sz.

Thus the editorial list stood on December 31, 1925:

The late Sir James Murray, editor of A B C D, H I J K, O P, T.

The late Henry Bradley, editor of E F G, L M, S-Sh, St, and Wa-We.

William A. Craigie, editor of N, Q, R, Si-Sq, U and V.

C. T. Onions, editor of Su-Sz, Wh-Wi, and X Y Z.

Sir James Murray died on the 26th July, 1915. His great wish that he should live to finish the Dictionary on his eightieth birthday, in 1917, had not been fulfilled; the unceasing labor of three and thirty years ended when less than a tenth part of the work remained to be done.

Dr. Henry Bradley died on the 23rd of May, 1923. His connexion with the Dictionary, which took its rise from a notable review of the first part when it was published in 1884, began formally with the independent editing of E. At first his work was carried on under difficulties; but after his removal to Oxford in 1896 his production was virtually continuous, and lasted for twenty-seven years. Although deprived of the satisfaction of seeing the completion of the Dictionary, he had covered no small part of the last important letter, and was fortunate in being able to continue his work to the very end with unimpaired faculties and unabated interest.

Dr. Craigie's System

For the elementary teaching of English on new lines, concisely explained and illustrated in the author's *Pronunciation of English* (see below). In addition to a systematic series of exercises on the sounds and spelling of English, it furnishes the pupil with the elements of English grammar and a large vocabulary of common words. It seems probable that the new system may be of great service in teaching English, especially to foreigners.

Tudor Church Music

Published for the Carnegie United Kingdom Trust
Editorial Committee: P. C. Buck, E. H. Fellowes, A. Ramsbotham, R. R. Terry, S. Townsend Warner

Two Editions

1. Library Edition, with introductions, critical apparatus, and notes, in ten quarto volumes, each complete in itself. $12.00 per volume.

The Trustees, in introducing this work to the public, feel that they cannot emphasize the importance of the publication better than by quoting from a letter on the subject, addressed to them by Sir Henry Hadow, Vice-Chancellor of the University of Sheffield, and Editor of the *Oxford History of Music*:

"I do not know whether it is quite realized that this is not a question of a mere Library Edition of a classic; it is the most important musical discovery ever made—far more important than Grove's discovery of the Schubert MSS. at Vienna. If you could imagine that the Elizabethan drama had been lost and now re-discovered, it would not be an extravagant parallel."

2. Octavo Edition, provided with expression marks and rendered practicable for performance; in it English works will appear with the original text, Latin works with English translation in addition to the original. To facilitate performance, the Editors have freely transposed the music to suit the compass of modern voices, and have not infrequently rearranged the voice parts. With the object of bringing out clearly the irregular rhythms of the music, bars are set at irregular intervals, containing two, three, or four units as required.

Biography

The Dictionary of National Biography

Presented to the University 1917 by the family of the Founder, the late GEORGE M. SMITH

This, the largest of all national collections of Biographies, was designed and the sole responsibility of its production undertaken by the late George M. Smith in 1882. It appeared in 63 quarterly volumes between 1885 and 1900: volumes 1-21 under the editorship of Sir Leslie Stephen, 22-26 under the joint editorship of Stephen and Mr. Sidney Lee, and 27-63 under the sole editorship of Mr. Lee, afterwards Sir Sidney Lee. In order to include notable persons who died during the progress of the work a Supplement in 3 volumes (64-66) was published in 1901-2, the date of Queen Victoria's death, 22 Jan., 1901, being taken as its limit. These 66 volumes were reprinted, with corrections, on thinner paper in 1908 and 1909 and reissued in 22 volumes, listed below. The statistical account and the Memoir of George M. Smith, which are (now) prefixed to Volume 1, give particulars of the Lives (more than thirty thousand in number), of the principal contributors to the Dictionary, and of the strenuous life of its Founder, who died on 6 April 1901.

The Index and Epitome to the Dictionary and Supplement was designed by Mr. Smith, in consultation with Sir Sidney Lee, and was published in 1903. The Index and Epitome to the Supplement 1901-11 (1913) is bound in with the main Index. See below.

The "Second Supplement" (1901-11) was undertaken by Mrs. George M. Smith, edited by Sir Sidney Lee, and published in three volumes 1912-13.

Since the transfer of the Dictionary to the University Press the whole work has gone out of print and has been reprinted. The cost of paper and print made it impossible to maintain the 22 volumes at the pre-war price; but the increase in price is less than one-third. An edition is also available on India paper, in eleven double volumes, occupying less than three feet of shelf-room. The Index and Epitome (with that to the 1901-11 Supplement) has been reprinted from the plates, and is now issued as the "Concise D. N. B." at a price actually below the pre-war price; its sale has been very greatly increased. Plates were made in 1920 from the moulds of the 1901-11 Supplement, and the book was issued on thin paper, the three volumes in one (but retaining the separate pagination to which the Index refers).

Work has been and is being carried out, under the direction of Prof. H. W. Carless Davis, with a view to maintaining and extending the usefulness of the Dictionary, and in particular the next Decennial Supplement (1912-21), under the editorship of Prof. Davis and Mr. J. R. H. Weaver, is now virtually completed.

The Dictionary comprises the following distinct works: Medium 8vo (9½x6¾).

1. The D. N. B. from the earliest times to 1900, now 22 volumes, two alphabetical series; (1) Vols. 1-21, (2) the Supplementary Volume 22; pp. 30,500. Classics of International Law

This series includes the classic works connected with the history and development of international law. Their re-publication has been undertaken principally on account of the difficulty of procuring the texts in convenient form for scientific study. The text of each author is reproduced photographically, so as to lay the source before the reader without the mistakes which creep into a newly printed text. An introduction is prefixed to each work, giving the necessary biographical details concerning its author and stating the importance of the text and its place in international law. Tables of errata in the original are added when necessary, and notes to clear up doubts and ambiguities or to correct mistakes in the text are supplied.

Oxford University Gazette, published weekly during Term. $3.50 per annum, post free. Bound volumes. $5.00 each.

The Oxford Sheet Almanack. Printed primarily for the official purposes of the University, but copies can be purchased. Imperial broad-sheet, very suitable for framing (30x22). Copies can be supplied of nearly all the years from 1715, at $1.50 each.

The first Oxford Sheet Almanack was published in 1674, 39 x 30 inches, engraved on four plates by Robert White; and the series runs continuously from 1676 to 253 of 1927, supplying an interesting record not only of Oxford buildings but of the artistic possibilities open to a publishing house commissioning a picture each year. The subjects were at first allegorical, the composition being much indebted to Raphael and other old masters; to these succeeded views of buildings existing or designed (the first in 1716) with groups of historical figures; there were occasional returns to allegory from 1753 to 1766; after that date views of buildings or of Oxford from the surrounding country have been given.
